Background on the Northwest Chamber

The Northwest Chamber is an independent 501c(6) non-profit corporation governed by a 15-member board of volunteer directors. There are six officers and 9 directors serving three year terms and representing a diverse mix of industries, size, and locations from the Northwest metro.

Since 1939, members of the chamber have been working together to enhance and protect the business environment and strengthen the quality of life in the Northwest metro area.

The northwest service area covers over sixty square miles including the cities of Bethany, Warr Acres, as well as parts of Oklahoma City, The Village, and Nichols Hills. Each area maintains its own special identity, but all are united in a strong commitment to a healthy business environment by making sure our schools are great, our neighborhoods safe, and government is responsive to the freedoms and needs of the small business owners who populate this community.

MISSION STATEMENT

The Mission of the Northwest Chamber is to cultivate and support a business friendly environment for the success of our member organizations and the communities we serve.

CORE VALUES

- ◆ Serve Member Interests First
- ◆ Advocate for Community Prosperity
 - ◆ Promote Collaboration
 - ◆ Value Honesty & Integrity
 - ◆ Respect Diversity
 - ◆ Provide Knowledge
 - ◆ Reward Excellence

Why become a part of the Northwest Chamber?

- ⇒ Because we are the only organization that is concentrating on helping grow business and support positive community development in the Northwest Sector of the Oklahoma City Metro
- ⇒ We are not tied to an individual municipal boundary, as we know that if the businesses and community in our area is healthy and growing, it is good for all the surrounding area.
- ⇒ Our area is the most densely populated part of the OKC Metro, and Small Businesses truly make the core of the commerce in our area. The Northwest Chamber is a place where small businesses can make connections, attract customers, and build long-lasting relationships.

Investing in the Northwest Chamber

By choosing to become a member of the Northwest Chamber, you are making an investment in our community, your business, and your own personal and professional development.

The chamber provides many opportunities for you to grow your business by building new relationships, raising your business's visibility, increasing your presence in the community, and enhancing your skills and those of your staff.

Your membership is versatile, offering a wide range of benefits to fit your individual needs. Please advise what your goals are and we can advise which features will be most advantageous for you.

With busy schedules, it is often difficult for one person to cover all the bases. We are happy to welcome any member of your staff to join us in representing you.

There may be times when it is difficult to get away from your business to attend. Please know that we will certainly miss you, but understand this is reality.

Even when you cannot attend, your membership is still working hard increasing your visibility on the internet, through our office, and in the community.

As with so many investments, the more you put in, the more you will get out. We appreciate your confidence and look forward to working with you to grow your business and increase the prosperity of our community.

As a member of the Northwest Chamber :

Your business is recognized by potential customers and other businesses as a leader in our community.

You have opportunities to get involved in helping to make a difference in our community.

You have access to engage with elected officials and influence policies that affect your business.

You have invitations to participate in events where you can connect with other business leaders.

You have a network of advocates who can bring you business through personal referrals, telephone requests, website and community directories, and more.

You and your staff can participate in discussions and workshops that will help your business stay current on trends, training, and skills development.
