

Advertising & Publication Opportunities

From ongoing communications like the monthly newsletter, weekly billboard, website or annual directory, to community events and special publications, chamber members have many ways to deliver their message through our quality channels.

COMMUNITY GUIDE & MEMBERSHIP DIRECTORY

Published annually, the membership directory lists each member's name and business contact information. Directories are distributed to every member of the chamber, to community leaders and civic organizations, opinion leaders, tourists, and new residents. The guide provides advertising opportunities.

All ads are full-color, half and quarter page, vertical or horizontal.
